

Report on Apollo 13 Critical

By HOWARD BERNARD

AP-Aerospace Writer

WASHINGTON, AP—A special review board studying the near-fatal Apollo 13 lunar mission finished its final report on the cause of the in-space explosion that endangered the lives of three astronauts and ruined man's third attempt to walk on the moon.

Review board Chairman Edgar M. Cortright prepared the findings, expected to be critical of management shortcomings, for delivery today to Dr. Thomas O. Paine, administrator of the National Aeronautics and Space Administration.

The main thrust of today's report was an evaluation of how the explosion happened, where to place any blame and how to avoid the problem in future flights.

An earlier report by Cortright pinned the oxygen tank explosion on the failure of two thermal switches he said were subjected to an electrical overload during a test at Cape Kennedy two weeks before the April 11 launch.

The 26-inch-diameter oxygen tank ruptured April 13, about 205,000 miles from earth, as astronauts James A. Lovell Jr., Fred W. Haise Jr. and John L. Swigert Jr. neared the moon. The blast drained their command ship of oxygen and power and forced the astronauts to use the separate systems of their lunar module to save their lives.

The lunar ship, which was to have transported Lovell and Haise to the moon, served as the astronauts' "lifeboat" for four harrowing days as they swept around the back of the moon and streaked back to a safe landing in the Pacific Ocean.

In his earlier report to newsmen, Cortright listed this probable sequence of events leading to the explosion:

—During a countdown test March 27, the launch crew had difficulty draining liquid oxygen from the tank, possibly because of a loose section in a filter system. In a procedure never before attempted, technicians turned on a heater in the tank to convert the liquid to a gas to vent it overboard.

—To start the heater, the technicians applied 65 volts to the circuit. Later analysis showed the switches were designed to handle only 30 volts. The overload welded shut two thermal switches intended to cut off the heater when it reached 80 degrees.

—With the switches inoperative, the heat in the circuit rose unchecked to perhaps 1,000 degrees, baking Teflon insulation on wires leading to a fan system and flaking it off to expose bare wires. This system was not monitored by sensors, so the launch crew had no indication this happened.

—Fifty-five hours into the flight, the astronauts switched on the fan to stir the liquid oxygen. The bare wires touched each other or some other equipment in the tank, causing a spark that ignited either the insulation or aluminum material in the pure oxygen environment. The fire reached a wire bundle inside the top of the tank, creating a larger blaze that burned a

M—Missing
hole through the tank.

—The resulting heat raised pressure considerably in the tank to about 1,006 pounds per square inch. When the tank burned through, the pressure rushed out with an explosive effect, damaging the service module's second oxygen tank and blowing out a 12-foot panel on the side of the craft. With the tanks damaged, there was no oxygen for breathing or to supply the command ship's power-producing fuel cells.

The probable sequence of events was determined by extensive laboratory tests in the last two months.

Cortright, director of NASA's Langley Research Center in Hampton, Va., was assisted on the board by astronaut Neil A. Armstrong and top safety officials and engineers from government, industry and universities.

On Eve of Revolt, Class Is Told

By THE ASSOCIATED PRESS

The president of Howard University, speaking during another busy day of commencement ceremonies, has told graduating blacks that America has entered the 1970s "clearly on the threshold of a revolution."

Elsewhere on the nation's campuses Sunday, Sen. Edward M. Kennedy, D-Mass., urged a group of business institute graduates to "awaken corporations to social needs by agitating for employee representation in the decision making process."

Sen. George McGovern, D-S.D., told the City College of New York commencement that the nation needs a second, non-violent American revolution to square its policies and priorities with its founding ideals.

Howard President Dr. James E. Cheek, one of four Negroes named by President Nixon Saturday to a special commission to study the causes and cures of campus unrest, addressed Shaw University graduates in Raleigh, N.C.

He said the top priority for black Americans is to prevent the nation's two societies—black and white—from continuing to drift apart. He said demands of blacks are no longer for civil rights but for social justice.

"In the last 18 months, we have witnessed a developing resistance on the part of our political leadership to this emerging struggle; we have watched with growing alarm a steady retreat from the principles on which this nation was founded, and a steady march in the direction of repression and oppression," he said. "America the beautiful has been moving toward America the hysterical."

"Clearly the nation has entered the decade of the seventies—if not already in the throes of an internal revolt, clearly on the threshold of a revolution whose outcome no one can predict," Cheek added.

Howard, the Washington, D.C., university headed by Cheek, is largely Negro.

Kennedy spoke to 200 graduates, all business majors, of Babson College in Wellesley, Mass. At a news conference afterward he predicted that students next year will "redirect their frustrations" over war, poverty and racism into effecting change in an "orderly way."

At the CCNY ceremonies, McGovern said the United States "has wandered so far from its ideals that it has almost lost its way."

He said there were valuable insights to be gained from critics on both the left and right. "But I have come to a deepening conviction that the surest hope for America lies neither with a new set of ideals, nor an entirely new system," he said. "Rather our hope lies with a genuine affirmation of the nation's historic ideals and more intelligent effort to modify and influence the system to serve those ideals more effectively."

Sen. Charles H. Percy, R-Ill., addressing the Stanford University commencement in California, said the nation faces a "crisis of dissent" and urged an end to the Indochina involvement and renunciation of the role of world policeman.

He said the nation should seek out issues on which there is consensus, such as pollution, "and marshal all of our forces in a common effort to solve the problems."

Nearly half of the Stanford graduates appeared without traditional caps and gowns in a peace demonstration.

At the University of California at Santa Barbara, most of the graduates read aloud a statement of commitment that said in part: "We ... do solemnly swear to dedicate our lives in the hopes of achieving a better world, a world in which perpetual, just peace shall reign."

The school has been the scene of periodic disruptions since February when young people burned down a bank in the nearby campus community of Isla Vista, but the ceremonies Sunday were quiet.

There were two graduation ceremonies for the University of Illinois Chicago campus Sunday—an official exercise at Chicago Stadium and a rump ceremony attended by about 100 students and faculty who walked out.

Harvard economist John Kenneth Galbraith gave the same address to both gatherings. Activist Dick Gregory spoke to the alternate ceremony, urging graduates to "rally behind morality. Go for victory, not revenge" and change the ills of

America.

At Dartmouth College's 200th commencement in Hanover, N.H., Dr. William A. Arrow-smith, a classicist at the University of Texas, said the most revolutionary risk ever taken by this country was the decision to commit itself to universal education.

He said that commitment was now in danger because the liberal arts colleges have not devoted themselves to the education of teachers.

"Only when the liberal arts colleges renounce their professionalism and devote themselves seriously with all their resources to the education of teachers will public education ever become the instrument of a great democratic culture," he said.

And at Geneva, N.Y., about 150 construction workers, mothers with children and high school students marched peacefully on the outskirts of Hobart College during commencement ceremonies, calling for a crack-down on what they said was extensive drug use on campus.

Benton, Spa Papers Win APA Awards

HOT SPRINGS, Ark. (AP)—The Benton Courier and the Hot Springs Sentinel-Record have won the Sweepstakes Awards in the annual Arkansas Press Association newspaper contest.

The announcement was made during the APA's 97th annual Summer Convention here.

The Courier won the weekly division and the Sentinel-Record the daily division.

The Benton Courier, published by Sam Hodges, won five top awards. They were general excellence, community service, editorial excellence in typography and best use of local pictures.

The Hot Springs Sentinel-Record, published by Walter Hussman of Camden, won first place in general excellence and best use of local pictures in the daily competition, and placed in three other categories.

The two papers accumulated the highest point totals in their respective divisions to receive the Sweepstakes Award.

30-Day Limit on War Move Proposed

By CARL P. LEUBSDORF

Associated Press Writer

WASHINGTON (AP)—Sen. Jacob K. Javits proposed legislation today to place a 30-day limit on the President's authority to commit U.S. forces to combat without declaration of war.

The New York Republican called his bill "the logical final step resulting from a series of measures now pending aimed at getting us out of Cambodia and Vietnam as soon as possible."

Aides said Javits has been assured his bill will have hearings by the Foreign Relations Committee, of which he is a member.

His announcement came as the Senate headed into what both sides expected to be the fifth and final week of the current round in the debate on U.S. involvement in Southeast Asia.

A vote is likely later in the week on the Cooper-Church amendment, cutting off funds for U.S. actions in Cambodia after June 30, after one last administration effort to water it down by permitting U.S. financial support for Asian nations such as Thailand that seek to help the Cambodian government.

The main amendment, sponsored by Sens. Frank Church, D-Idaho, and John Sherman Cooper, R-Ky., is part of military sales authorization legislation. If the bill fails to pass by the end of June, the Defense Department will lose authority to spend some \$300 million on the arms sale program.

Under the Javits proposal, a president could commit U.S. forces in the absence of a declaration of war in four contingencies:

—To repulse a sudden attack on the United States or its possessions;

—To repulse an attack on U.S. armed forces legally stationed abroad;

—To protect the lives and property of U.S. nationals abroad;

—To comply with a lawful national commitment taken by positive action of Congress and the President.

The bill would limit the action to 30 days "unless affirmative action is taken by the Congress to sustain such actions beyond 30 days." Congress also would have the power to cut the 30-day period short.

"Our tragic experience in Indochina shows that the pendu-

REBUILDING after what has been called the worst earthquake in Peru's history. Peruvians face an awesome task. At top, what is left of a street in Cuzco. Water Takes More Lives Than Roads

By THE ASSOCIATED PRESS

More persons drowned this past weekend in Arkansas' waters than were killed on the state's highways.

Six persons drowned, all Sunday, as compared to five highway fatalities.

Officials said Willis Morris, 38, of Dover (Pope County) drowned in Illinois Bayou Sunday near Russellville.

Authorities said the accident occurred when Willis attempted to aid his four children who ap-

5 Killed on State's Highways

By THE ASSOCIATED PRESS

Five persons were killed on Arkansas highways this weekend. All were single fatality accidents.

Officials said William Bellar, 7, of Dardanelle, was killed Sunday afternoon when he darted into the path of a car near Dardanelle on Arkansas 22. He was walking along the highway with his parents.

Earlier Sunday, John Wright, 58, of near Malvern, was killed as he drove into the path of an ambulance on a downtown Malvern street.

Clara J. Newton, 17, of Tucker was killed Saturday night in a one-car accident near Tucker on Arkansas 37.

State Police said the accident occurred when the driver of the car, Melvin Worsham, 22, of Little Rock lost control of the car and struck a parked truck. Worsham was hospitalized at Newport.

Jerry L. Sanderford, 19, of Rogers was killed early Saturday in a one-car accident at the junction of Arkansas 94 and 340 in Benton County.

Officials said he was a passenger in a car driven by Fred C. Weshon, 34, of Rogers. The car skidded through the intersection and hit an embankment.

Ann E. Melikian, 60, of near Little Rock, was killed Friday when she walked into the path of a car on Arkansas 5 near the North Hills Country Club.

Cooper-Church supporters won a crucial victory last week, turning back a move by West Virginia Democrat Robert C. Byrd to weaken the amendment

TELLING BOTH (from Page One)

United States has equipped South Vietnamese soldiers to fight in Cambodia.

But, he said, "there is virtually no mention of whom they are fighting—namely the Russian-equipped North Vietnamese who have invaded that country by the thousands as they did South Vietnam and Laos."

The vice president said when he raises these points in discussions with media groups the answer is, "We are only concerned with America's involvement. We do not circulate in Hanoi (or we are not seen or heard in Hanoi)."

"Gentlemen, that is my point," said Agnew. "Hanoi has no free press to tell the world of its atrocities if you don't do it. And Americans or Europeans, Asians or Australians cannot make a valid decision if you do not attempt to give them both sides of the story."

The mission of the press, said Agnew, is to inform the public, not to persuade it.

"That public, given sufficient information, can make a sound decision."

Brandt's foreign minister asserted the results will not affect national policies.

In his first electoral test since becoming postwar Germany's first socialist chancellor eight months ago, Brandt failed to get a strong endorsement of his efforts to improve relations with the Soviet bloc.

Former Chancellor Kurt Georg Kiesinger, leader of the opposition Christian Democrats, charged that Brandt was about to sell out vital German interests in order to achieve non-aggression pacts with the Soviet Union and Poland.

The biggest loser was the small Free Democratic party (FDP), Brandt's crucial coalition partner in the Bundestag, or national parliament. The Free Democrats were ousted from two of the state assemblies and just scraped into the third.

Brandt's Party Gains in Elections

BONN, Germany (AP)—Chancellor Willy Brandt's conservative opposition made significant gains in three state assembly elections Sunday, but

Ronald Reagan received over 3.5 million votes in the 1966 elections for the California governorship.

Hope Star SPORTS

Dan Gurney Captures Canada Race

By BLOYS BRITT
AP Auto Racing Writer

Thanks to some brilliant driving by American star Dan Gurney, team McLaren still dominates the Canadian-American Challenge Cup racing series.

Gurney, at 37 one of the most versatile pilots in motor sports, drove one of the British-made sports cars to victory in the 1970 series opener at Mosport Park, Ont., Sunday and did it as convincingly as the late builder-driver Bruce McLaren ever did. McLaren was killed in a crash in England two weeks ago while testing one of his new cars. Gurney, the only American ever to drive a car of his own design to victory in World Grand Prix racing, joined the team as McLaren's replacement Friday.

The lanky Californian toured the 2.459-mile Mosport Park circuit for 80 laps, or 197 miles, in 47 minutes and 55.6 seconds for an average speed of 110.214 miles per hour, a race record. He finished about 15 seconds ahead of Britain's Jackie Oliver, driving a radical new Chevrolet-powered car made principally from titanium.

Gurney collected \$14,450 in prize and accessory money for his first Can-Am victory since 1966. Oliver, 28, a Grand Prix driver, received \$10,350.

Denny Hulme, the 34-year-old New Zealander who was McLaren's driving mate during the last three years, when the two swept the Can-Am series almost without challenge, finished third despite a badly overheating car. But Hulme, himself, obviously was not at his best. His hands were burned severely on May 12 while driving one of McLaren's new rear-engined Offys at Indianapolis.

Using special gloves to help grip the wheel, Hulme led Sunday's race for 45 laps before he began to fade. He was 1 1/2-laps behind Gurney at the end, but had built up a good lead over Porsche-driving Tony Dean of England, who came in fourth. Oliver, Gurney and Hulme treated the 50,000 Oosport Park spectators and a nationwide television audience (ABC) to a heated duel for more than half of the race.

After Hulme dropped back to give the lead to Gurney on the 46th circuit of the 10-turn course, Oliver began making his move and swept by Gurney to take the lead just before the halfway point.

It wasn't until 20 laps later that Gurney could get by the Britisher, but when he did the contest was over.

McLaren won six of last year's 11 Can-Am events, with Hulme taking the other five and finishing an incredible second in the ones that went to McLaren. The two had packed home more than \$600,000 in four years of the series.

Gurney showed he is ready to take up where McLaren left off—and there are six new McLaren cars already built and ready to take him and Hulme through the series.

Porsche's ran 1-2-3 in capturing the Le Mans 24-hour sports car race in France with Ferrari's running in fourth and fifth positions. Winning Porsche drivers Dick Attwood of England and Hans Hermann of Germany covered 2,879 miles, averaging 119.99 m.p.h.

Bobby Unser edged brother Al, the Indianapolis 500 winner, by a mere three-quarters of a second in winning the 150-mile USAC championship race at Langhorne, Pa. Bobby, driving an Eagle-turbocarged Offenhauser, averaged 106.302 m.p.h. Richard Perry rode his Plymouth

Fort Marcy Edges Filly at Wire

By ED SCHUYLER JR.
Associated Press Sports Writer
Fort Marcy, Paul Mellon's veteran campaigner, is not about to let himself be embarrassed by a filly—especially on his home turf.

"Once my horse made the lead he started to pull himself up, but when he saw the filly moving up on the inside he took off again," jockey Jorge Velasquez said Saturday after Fort Marcy won the \$57,400 Bowling Green Handicap at Belmont Park.

The 6-year-old gelding, much more at home running on the grass than on the dirt, held off James B. Moseley's spunky filly, Drumtop, setting a course record of 2:37 4-5 for the 1 1/2 miles in the process.

Fort Marcy carried high weight of 126 pounds to his 12th grass stakes win since becoming a turf specialist as a 3-year-old and paid a winning mutuel of \$5. Drumtop was weighed at 120 and Sigmund Sommer's third-place Hitchcock at 118.

On the Hollywood Park grass course, D'Artagnan, ridden by Laffit Pincay, Jr., carried a featherly 113 pounds to a 1 1/2-length victory over Top the Mark, with Hanalei Bay third, in the \$56,350 Cinema Handicap for 3-year-olds.

The winner equaled the course record of 1:47 2-5 for 1 1/8 miles in returning \$7,801. Anita Derby winner Terlato, top-weighted at 122, finished out of the money in his debut on the grass.

Philip Wise's Prince Siena topped six other 2-year-olds in the \$26,100 Christiana Stakes at Delaware Park by sizzling to a 5 1/2-furlong track record of 1:03 3-5 under Bill Hartack.

Prince Siena paid \$8 after finishing 3/4 lengths ahead of Three Martinis, with Nafition third.

In three other races for 3-year-olds Summer Resort, \$34,600, won the \$30,425 Long Branch Stakes at Monmouth Park; Captain Nash, \$14, took the \$20,000-added Stars and Stripes Handicap over one mile and 70 yards at Suffolk Downs, and Fleet Sands, \$13,400, scored in the Pacifica Stakes at Golden Gate Fields.

mouth SuperBird to victory in the Fallstaff 400, averaging 99.242 m.p.h. for the 400.86-miles. The Randleman, N.C., resident collected \$18,765 for his triumph at Riverside, Calif.

Ramo Scott was the winner of the \$50,750 Vulcan 500 stock car race at Talladega, Ala. Scott averaged 147.504 m.p.h.

The 100-mile U.S. Auto Club race at Lancaster Speedway in Buffalo, N.Y., was postponed indefinitely with track officials blaming the postponement on the seven-car smashup Saturday at Syracuse.

In the Schaefer-U.S. Auto Club 100-mile race at Syracuse, the race was halted in the 88th lap after the seven-car crackup. Two drivers were hospitalized, including Roger McCluskey, 40, of Tucson, Ariz., listed in good condition with a fractured nose and Dale Koehler, who apparently suffered a cardiac arrest and possible neck injuries. Koehler was in serious condition.

Ron Grable of Supertino, Cal., won the Continental Championship for Formula A cars at Laguna Seca raceway by 41.4 seconds.

Yankees Make It 5 in a Row

By HERSCHEL NISSENSEN
Associated Press Sports Writer
The New York Yankees are waiting for Sept. 15 and the Detroit Tigers are waiting for July 1, but the Baltimore Orioles may be getting the message right now that there's a race in the American League East.

"If this were Sept. 15 and we were three games behind, I might have something to say," said Ralph Houk after his Yankees nipped Kansas City 3-2 Sunday for their fifth straight victory and 10th in 11 games and remained three games behind Baltimore.

"They've got a good-hitting ballclub," California's Lefty Phillips after the Tigers pounded his Angels 8-4, "and if they're close when Denny McLain comes back on July 1 they can win it." The Tigers have won eight of 11 and trail Baltimore by eight games.

The Orioles, meanwhile, who had lost eight of 13 after opening a 7 1/2-game lead, righted themselves with a 4-2 triumph over Oakland on Dave May's two-run, two-out homer in the 10th inning.

Elsewhere, Minnesota routed Boston 10-2, Washington swept a doubleheader from the Chicago White Sox 8-4 and 5-3 and Cleveland crushed Milwaukee 9-2.

In the National League, Los Angeles shaded the Chicago Cubs 5-4, the New York Mets overtook Atlanta 7-5, San Diego edged Pittsburgh 2-1, Cincinnati battered Philadelphia 10-1, San Francisco downed St. Louis 7-4 and Montreal got by Houston 2-1.

The Yankees fell behind Kansas City 2-0 in the first inning when Amos Ods doubled, Joe Keough singled and Ed Kirkpatrick doubled. But they battled back after Dick Drago retired the first 12 batters, scoring a run in the fifth on singles by Roy White and Danny Cater and a double play and knotting it in the eighth on singles by Gene Michael, pinch-hitter Pete Ward and Horace Clarke.

They scored the winning run in the ninth when White got a fly ball double which right fielder Pat Kelly lost in the sun and Thurman Munson drilled a pinch single.

Detroit's Willie Horton belted the first of two solo homers in the second inning off Clyde Wright and the Tigers wrapped it up with four runs in the third as Dick McAuliffe singled for one run and Bill Freehan singled home two more.

Norm Cash hit a two-run homer in the fifth and Horton unloaded again in the seventh while Jim Fregosi and Alex Johnson homered for the Angels, who fell 3 1/2 games behind Minnesota in the AL West.

The Tigers are hoping to stay reasonably close for the rest of the month until McLain, their ace pitcher, comes off his gambling suspension.

"Denny can come back and step right into the rotation," said manager Mayo Smith. "I don't expect him to start right off, but he'll work in and when he gets in the groove he usually pitches complete ballgames."

May, who entered the Baltimore-Oakland game in the eighth inning as a defensive outfield replacement, hit his homer off Fred Talbot after Frank Robinson led off the 10th with a pinch single.

A walk, Ellie Hendricks' single, Felipe Alou's error and a single by Jim Palmer gave the Orioles two runs in the second off John "Blue Moon" Odom, but the A's nipped Palmer, 9-3, for two in the seventh on a bunt single, Reggie Jackson's double, Sal Bando's sacrifice fly and a single by Alou.

Minnesota's Jim Holt tripled to trigger a four-run fourth-inning burst and capped another four-run flurry in the eighth with a two-run homer as the Twins shelled Boston. Bert Blyleven worked only five innings but won his second game in three decisions since being called up from the minors 10 days ago.

Aurelio Rodriguez, who homered for the Senators in the opener, hit another homer and three singles and drove in three runs in the nightcap against the White Sox. Frank Howard also homered in the first contest, his 18th of the season and second three-run shot in as many games.

Eddie Leon and Vada Pinson each drove in three runs for the Indians as bonus baby Steve Dunning, a Stanford University ace who signed a \$60,000 contract a week ago after being selected in the free agent draft, won his pro debut with a five-hit, five-inning stint. One of the hits was Tommy Harper's two-run homer.

Leon had a homer, double and bases-loaded single.

Dodgers Edge Cubs as Mets Win

By DICK COUCH
Associated Press Sports Writer
Infectious hepatitis kept Los Angeles' Bill Singer on the shelf for two long months, but Bill Sudakis' 3 1/2-week quarantine on the Dodgers' bench was result of a common ailment... disinfection of the batting average.

Singer took a couple of shaky first steps back from the sickbed Sunday... and Sudakis discovered a sure cure with one swing of his bat.

Sudakis slammed a two-run pinch homer in the ninth inning, giving the Dodgers a 5-4 victory over the Chicago Cubs after Singer, making his first mound appearance since April 16, was rocked for two homers and kayoed in the third.

The victory, which snapped a three-game Chicago winning string, sent the Dodgers into second place in the National League West, one-half game ahead of Atlanta but still 10 1/2 off Cincinnati's torrid pace.

The Reds trounced Philadelphia 10-1; the Braves bowed to the New York Mets 7-5; San Diego nipped Pittsburgh 2-1; Montreal shaded Houston 2-1 and San Francisco topped St. Louis 7-4 in other NL games.

In the American League, Baltimore defeated Oakland 4-2 in 10 innings; the New York Yankees edged Kansas City 3-2; Minnesota slugged Boston 10-2; Detroit whipped California 8-4; Cleveland rocked Milwaukee 9-2 and Washington swept a doubleheader from the Chicago White Sox 8-4 and 5-3.

The Dodgers trailed 4-3 when Billy Grabarkewitz opened the ninth with a single off Chicago reliever Phil Regan. Two outs later, Sudakis batted for pitcher Jim Brewer and crashed his fourth homer of the season.

It was only the fifth trip to the plate this month for Sudakis, who has not started a game since May 23.

Sudakis' first homer since May 20 boosted his batting average 11 points to .213.

Singer, a 20-game winner for the Dodgers last season, gave up a two-run homer by Jim Hickman in the second inning and two more runs, one of them Ernie Banks' homer, in the third before he was lifted.

The Reds rattled four Philadelphia pitchers for 18 hits, Hal McRae leading the way with three, as right-hander Jim McGlothlin breezed to his ninth victory in 12 decisions. McGlothlin scattered six hits and drove in the only two runs he needed with a fourth-inning single.

Tom Seaver, tagged for four runs in the first three innings, blanked the Braves the rest of the way as New York climbed wit in four games of the East division-leading Cubs. Wayne Garrett tied the game 5-5 with a two-run homer in the fifth and Bud Harrelson poked the go-ahead single in the sixth.

Clay Kirby fired a four-hitter for his first victory since May 10 as the Padres nudged Pittsburgh on Dave Campbell's run-scoring single in the ninth, Atlanta, 17.

STOLEN BASES — Harper, Milwaukee, 25; P. Kelly, Kansas City, 21.

PITCHING (6 Decisions) —Tiant, Minnesota 6-0, 1,000, 3.12; F. Peterson, New York, 9-2, .818, 3.18.

STRIKEOUTS— McDowell, Cleveland, 133; Lolich, Detroit 96.

NATIONAL LEAGUE

BATTING 150 at bats—Carty, Atlanta, .404; Perez, Cincinnati, .370.

RUNS—Perez, Cincinnati, 53; Henderson, San Francisco, 51. RUNS BATTED IN—Perez, Cincinnati, 66; Bench, Cincinnati, 58.

HITS—Perez, Cincinnati 85; Carty, Atlanta, 82. DOUBLES—W. Parker, Los Angeles, 20; Wynn, Houston, 17. TRIPLES—4 tied with 7.

HOMES RUNS—Perez, Cincinnati, 23; Bench, Cincinnati, 20. STOLEN BASES—Bonds, San Francisco 22; Wills, Los Angeles 21.

PITCHING (6 Decisions) —Simpson, Cincinnati, 9-1, .900, 2.20; G. Stone, Atlanta, 6-1, .857, 3.21.

STRIKEOUTS—Seaver, New York, 129; Gibson, St. Louis, 113.

SUNDAY'S STARS

By THE ASSOCIATED PRESS
BATTING—Aurelio Rodriguez, Senators, hit a solo homer in the opener and another homer and three singles and drove in three runs in the second game as Washington swept the Chicago White Sox 8-4, 5-3.

PITCHING—Clay Kirby, Padres, checked Pittsburgh 2-1 on four hits, striking out seven, for his first win since May 10.

NO TRAFFIC problems here. Japanese pro skier Y. Uchiro Mura has the slopes all to himself as he whizzes down Mt. Everest from 27,000-foot level to set altitude record for skiing.

Showdown Between Top Lady Golfers

By DAVE O'HARA
Associated Press Sports Writer

SUTTON, Mass. (AP)—Kathy Whitworth, who prefers sudden death play to break a tie, and Shirley Englehorn, who thinks titles should be decided at regulation distance, met in an 18-hole showdown today for the 16th Ladies PGA Golf Championship.

Miss Englehorn, a 29-year-old veteran playing the finest golf since she turned pro in 1959, had an old score to settle with Miss Whitworth as they headed for a noon start at the Pleasant Valley Country Club.

Just three years ago, Miss Whitworth sank a 55-foot putt on the 72nd hole to edge Miss Englehorn by one stroke in the LPGA Championship on the same course.

"I don't think I'll ever forget that one," Shirley said. "I was playing behind Kathy and heard the crowd roar. I knew what it meant."

Shirley capped a dramatic comeback with a birdie 4 after a fantastic 65-yard wedge shot on the 72nd hole Sunday, forcing the playoff for the title.

"I heard the crowd roar and saw Shirley throw up her arms," Kathy said after finishing behind Miss Englehorn. "I tried for a birdie to win, but I knew as soon as I hit my putt that it was going to roll to the right of the cup."

Miss Whitworth, who was bidding for \$4,500 first prize in the playoff, had made several fine putts enroute to a one-under par 72 and a 72-hole score of 285. However, she didn't come close on the 15 foot attempt that would have given her the victory.

"I stayed and watched," Miss Englehorn said. "Kathy is a great, great player and I thought she was going to make the putt. I guess the gremlins held it out."

Miss Englehorn trailed by four strokes after 58 holes. However she managed to stay out of trouble and then birdied four of the last nine holes for a 70 and a tie, Miss Whitworth, who was blitzed by a young rookie, Sandra Post, in an 18-hole LPGA Championship playoff on the Pleasant Valley Course in 1968, prefers sudden-death play used to break first place ties in regular tournaments.

"I think I'd rather just continue playing and get it over with," Kathy said. "However, I won't have any trouble getting up psychologically for the 18-hole playoff. My trouble may be trying to calm down."

Miss Englehorn said she has beaten Kathy twice in sudden-death play.

Oliver's seventh-inning homer ruined Kirby's shutout bid. John Boccabella's two-run homer carried the Expos past Houston as Steve Renko and reliever Claude Raymond, who came on in the ninth, combined for a four-hitter.

Dick Dietz delivered three runs with a double and homer for the Giants and Juan Marichal weathered homers by Richie Allen and Jose Cardenal in going the distance.

Washington Wins Title in Rowing

SYRACUSE, N.Y. (AP) — The Huskies of the University of Washington topped all comers in the varsity eight-oar competition of the Intercollegiate Rowing Association's national championships Saturday.

It was Washington's 10th victory in the 68-year-old regatta and its first in 20 years.

The Huskies, underdogs in the pre-race figuring, gave some indication of what they could do Thursday matching favored University of Pennsylvania's six minute 95.5 second mark in the closest challenger, Wisconsin, by a full boat length. Penn which had been looking for its fourth straight championship finished a very disappointing fifth.

3 Nations in Semifinals of Soccer

By JOHN JACKSON
MEXICO CITY (AP) — Brazil, Italy, and Uruguay go into the World Soccer Cup semifinals Wednesday and any of them could take the Jules Rimet trophy home for keeps.

West Germany, the other semi-finalist and winner in 1954, is the one team that can stop the famous trophy—named after the late President of the French Football Association—from disappearing from the world scene.

Brazil and Uruguay meet in one semi-final at Guadalajara, and Italy and West Germany in the other at Mexico City. This ensures a South American vs. Europe final at Mexico City's Aztec Stadium June 21.

Rules state that if any team wins the trophy three times—not necessarily in succession—it wins it outright.

Brazil won in 1958 and 1962, Italy in 1934 and 1938 and Uruguay in 1930 and 1950.

Brazil is the favorite to win its semifinal and the Germans have a slight edge over the Italians—but let nobody write off the Italians.

Luigi Riva, Italy's brilliant left winger, suddenly found his peak form in his team's 4-1 victory over host nation Mexico in Sunday's quarterfinals. Riva scored two goals, set up by Gianni Rivera, the midfielder.

Texas, Fla State in Series Final

By CHARLES CHAMBERLAIN
Associated Press Sports Writer
OMAHA, Neb. (AP) — Texas and Florida State, ranked second and third, tangle Monday night as the only unbeaten teams remaining in the double elimination College World Series.

The winner could be on its way to becoming only the fifth team in the tournament's modern history to go through the grind undefeated. But it's a tough job with this field to win five straight, which would be required for the sweep.

Each has a seven-game winning streak stretching through district action and the Longhorns now boast a 38-5 season record and the Seminoles 47-7.

Meanwhile, the losers' bracket has firmed up. Teams with one loss include top-ranked Southern California 48-13, Dartmouth 24-9, Iowa State 19-10 and Ohio U. 32-5.

Two teams have been eliminated with double defeats—Delaware, and Arizona.

In addition to the Texas-Florida State showdown, two daylight games in the losers' bracket Monday will cut two more teams out of the field. Iowa State plays Ohio U. at 1:30 p.m. and Dartmouth faces USC, a five-time champion the last in 1968, at 5:30 p.m.

Texas relied on a three-hit, nine-strikeout job by Larry Hardy to defeat Ohio's Bobcats 7-2 Sunday night. David Chalk accounted for three runs with a pair of sacrifice flies and a single.

Hardy replaced James Street, quarterback of Texas national football champions and a Cleveland Indian draftee, when the big righthander, after four strike outs, appeared to be a little troubled with a nagging pulled groin muscle.

In the nightcap of Sunday's two-nighter, Florida State's Pat Osburn ended Dartmouth's 21-game winning streak 6-0. Osburn, a junior lefty, struck out 14, retired 20 batters in one stretch and yielded four sacrifices, three of them infield hits. Ron Cash contributed four runs with a single and a double and the Seminoles also stole six bases, one short of a series record.

Loser Pete Broberg, a sophomore fireballer, fanned 11 and walked 5. Dartmouth's defenses collapsed for six errors behind him.

Jerry Lundin's double and Bob Cases's triple fused a four-run eighth inning as Iowa State dropped Arizona from the tournament 7-1 in an afternoon losers-bracket game. The victory went to lefty Don Powers, a freshman from Brampton, Ont., who fired a six-hitter.

linkman.

Rivera, who like Riva came here with a big reputation, had shown little of the form expected of him until Sunday. In fact, Italy qualified for the quarter-final by scoring only one goal.

As soon as Riva and Rivera began clicking Mexico, which scored first, was dead.

In the other quarter-finals Sunday, Brazil beat Peru 4-1, West Germany defeated defending champion England 3-2 in an epic match which went into overtime after the Germans had trailed 2-0 early in the second half; and Uruguay knocked out the Soviet Union 1-0 with a goal scored by Victor Esparrago in the 117th minute.

Seventeen goals were scored in the quarter-finals.

The present World Cup system of dividing the 16 finalists into four groups, with the top two of each qualifying for the quarter-finals was introduced in 1954—the year in which 26 goals were whipped in during the quarter-finals.

That goal scoring fiesta is unlikely to be beaten or even matched as long as the World Cup is played.

Eight goals were scored in the 1962 quarter-finals, and 16 in the 1966 competition.

But the one thing that has put the 1970 competition way ahead of every other since the cup was started in 1930, is that with just four games to go not one player has been ejected.

The reason for this is that all the 30 referees from all over the world, were kept under close scrutiny for two years before being chosen.

Then they were shown more than 60 films depicting fair and unfair play before the championships started. Players, managers and coaches were shown the same films, and were warned that any misdemeanor would be dealt with harshly.

First reigning British monarchs to visit the United States were King George VI and Queen Elizabeth, in 1939.

Purcell Rounds Out Good Career

ST. PAUL, Minn. (AP) — Dick Purcell has concluded a four-year career as track coach at California Poly with a third-place finish and three straight national titles in the NCAA College Division track and field championships.

Purcell, who announced his resignation last week just before the eighth annual national meet opened at Macalester College, had predicted that seven schools had the potential to stop Poly's string.

"There's no way we can be favored this year," Purcell said. "We've just lost too many people from last year."

Purcell, who says his future plans are undecided, was pretty accurate in sizing up his toughest opposition but apparently underestimated the depth and balance of his Mustangs.

Poly scored in 11 of the 21 events and racked up 49 points to edge C.W. Post and record-setting Ron Stonitsch at the windup Saturday. The Greenvale, N.Y., school was runner-up with 45 points, closely followed by Occidental, Calif., State with 44. Eastern Michigan was fourth with 36 points and Morgan, Md., State had 32.

Stonitsch, one of the meet's two double winners, broke both the six-mile and three-mile records to account for 20 of Post's points. His winning time of 13:56 in the three-mile Saturday erased the 1969 mark of 14:00.4 set by Bill Scobey of Humboldt, who also beat the record but had to settle for second.

Chuck Smith of Occidental, a senior in his first year of collegiate competition, won the 100 in 9.4 seconds and the 220 in 20.7.

Clyde McPherson of Adelphi, N.Y., had a hand in two records. He won the 440 dash in

Hill Ties 120-Yard Hurdle Mark

WICHITA, Kan. (AP) — Thomas Hill may have a slow starting fuse but when he starts exploding over the hurdles, watch out.

"I got my usual slow start out of the blocks but when I got ahead I knew I was going pretty fast," the Arkansas State University junior from New Orleans said after tying the world's record for the 120-yard high hurdles Saturday night.

Hill's time of 13.2 seconds in the finals of the eighth U.S. Track and Field Federation championships matched that of five others. Martin Lauer of West Germany set the mark in 1959. Americans Lee Calhoun, Earl McCullough, Erv Hall and Willie Davenport have duplicated it.

"I didn't think I could go that fast," said Hill, whose best time this spring had been a wind-aided 13.4 in the California Relays. He won Drake Relays in 13.6.

"I looked at 13.6 as a mental barrier until I ran the 13.4," he added.

Hill's time in the finals was 13.4, he added.

Mandarin and Carlos Fernandez 7-5, 6-2, 4-6, 6-3.

The final two singles matches Pasos, and the Pacific Eight schools—were not here, and Spain completed a 5-0 sweep of France, winning the two final matches and entered the European Zone A final against Yugoslavia or Romania.

Canada took a 2-1 lead over New Zealand in the second round of the American Zone elimination with Mike Belkin and John Sharpe downing New Zealand's Brian Fairlie and Onny Parun 6-2, 11-9, 6-3 in doubles.

The remaining singles matches will be held Monday.

Romania and Yugoslaves Are Tied

By THE ASSOCIATED PRESS
Last Year's Davis Cup finalist, Romania, fell to Yugoslavia Sunday in the best-of-5 tennis series and the decisive match will be played Monday with the countries tied at two games apiece.

Nikola Spear of Yugoslavia swept the Nastase 7-5, 8-6, 6-2 to even the match, setting up Monday's single's final as darkness swept over the courts at Mari-bor, Yugoslavia, delaying the European Zone A encounter until Monday.

Romania defeated Egypt, Israel, Spain, Russia, India and Great Britain before losing to the United States 5-0 for the 1969 championship.

In other play Sunday, West Germany completed a 5-0 sweep over Belgium, winning the final two singles matches in the semi-final round in European Zone B action.

Wilhelm Bungert defeated Eric Drossart 2-6, 6-2, 6-0, 6-3 and Christian Kuhne topped Patrick Hombergen 6-2, 6-2, 6-0 sending the Germans into the final against Russia, July 15-17 in Duesseldorf.

Columbia stopped Brazil in doubles and took a 2-1 edge in the South American final as Jairo Velasco and Ivan Molina downed Brazilians Jose Edison

other potential meet marks were erased by excessive wind. Meet Referee Bob Karnes of Drake University ruled the wind officially at 3.76 miles an hour when Hill ran.

Hill's coach, Thad Talley, criticized the gauge used to measure the wind, and thought Hill might even have had a legal 13.1 in the preliminaries. That time was negated by an official wind reading exceeding the 4.5-mile allowable.

"I'm not convinced Thomas doesn't deserve the world record," said Talley.

Wiped out by the wind as meet records were the 100.1 100-yard dash by Kentucky's Jim Green and the 52-foot, 11 1/4-inch triple jump by Milan Tiff of the Cleveland Striders.

Jan Johnson of Kansas broke the Federal pole vault record with a leap of 16-6 and Curtis Mills of Texas A&M set a 440-yard dash record of :45.5.

"I'm satisfied with this time; it's about what I expected," said Mills, holder of the pending world quarter mile record at :44.7. "I hope to do about 45 next week."

Kansas, which now bids for the NCAA outdoor championship at Des Moines this weekend, won the team title here easily. The Jayhawks piled up 58 points to 129 for runner-up Brigham Young and Kentucky tied for third with 28.

However, Kansas' chief rivals for the NCAA crown, Texas at El Paso and the Pacific Eight schools—were not here, and fully tough meet for us," he said of the NCAA championships.

"We're going to have to compete over our heads to win."

EMERGENCY NUMBER 3
FRANKFORT, Ky. (AP) — Frankfort is the first city in Kentucky to be served with the new 911 emergency telephone number. Dialing the number summons police, firemen or an ambulance.

Free gifts (a little early this year).

With a fill-up of 10 gallons or more of gasoline.

Your participating Texaco Retailer has a really elegant Anchor Hocking Avocado tumbler waiting for you—absolutely free with every fill-up of 10 gallons or more of Sky Chief or Fire Chief gasoline. And for 99¢* with the same purchase, your Texaco Retailer offers you a handsome 2-quart matching pitcher.

Here's a great way to build a collection of tumblers: Get regular fill-ups at your Texaco Service Station. The tumblers will be great for the home. And the gasoline is great for your car.

*Suggested retail price.

Schedules Set Up for City Pool

The swimming pools at Fair Park and City Park officially June 9, and will be open daily throughout the summer from 2 to 6 p.m.

Gaylord Solomon, manager of the Fair Park pool, said it will also be open on Monday and Friday nights until 8 p.m. for the benefit of adults and families. Reservations for private parties on other nights may be made by contacting Coach Solomon. Three lifeguards will be on duty at all times during the regular pool hours. Admission is 40c for students and 75c for adults, and season tickets may be purchased at the pool at \$6 for students, \$9 for adults, and \$15 for families.

John L. Jones, manager of the City Park pool, said that no plans have been made to keep the pool open nights, but a schedule could be arranged if there is enough demand. The pool may be reserved for parties, however, after the regular 6 p.m. closing time. Two lifeguards will supervise the pool during its regular hours. Admission is 15c for students and 25c for adults. Swimmers may purchase season tickets at \$3 for students, \$5 for adults, and \$8 for families.

The schedules for swimming lessons at both pools will be announced at a later date. For further information contact the pool managers.

Both the Hope Youth Center and the City Park Youth Center will remain open this summer from 9:00 a.m. to 6:00 p.m. Monday through Saturday. Adult supervision will be provided at all times.

Co-Ed From China Sets World Mark

PORTLAND, Ore. (AP) — Chi Cheng, a slender speedster called "the ideal female athlete" by one competitor, established two world sprint marks in stealing the spotlight from six other world record holders at the Portland Rose Festival track meet.

Miss Chi, a 26-year-old college student from Formosa, was clocked in 10.0 Saturday in setting a new world record in the 100-yard dash. She returned 45 minutes later and repeated the performance in the 220, finishing far ahead in 22.7.

Doris Brown, called America's top middle distance runner, said Miss Chi was the "ideal female athlete." Mrs. Brown, a Seattle schoolteacher, picked up wins in both the mile and 880. She was clocked in 4:45.42 in the mile and 2:06.5 in the 880. Both were the fastest times this year for an American.

Miss Chi, a physical education student at California Poly in Pomona, had previously shared the old mark of 10.3 in the 100 with Marlene Matthews of Australia and Wyoming Tyus of the United States. She broke the 220 mark of 22.9 held by Margaret Burvill of Australia.

Asked about the future, Miss Chi, who also won the 100-meter hurdles, laughed and said, "I'll try harder."

Another double winner was Chuck LaBenz of Arizona State, who put on a strong finish in both the 880 and mile. LaBenz, who reported for Army duty at Ft. Lewis, Wash., took the mile in 3:59.4, with Italy's Francesco Arese second at 3:59.36, and Tom Von Ruden next at 3:59.79.

Otherwise, the world record holders came through as expected but took a back seat to Miss Chi.

Randy Matson won the shot put at 66-11 1/4.

John Carlos, who shares the world record of 9.1 in the 100, captured that event in 9.4 and the 220 in 20.4. Willie Davenport was clocked in 13.5 in winning the 120-yard high hurdles. Jay Silvester's toss of 202-10 gave him first place in the discus.

Australians Kerry O'Brien and Ron Clarke finished 1-2 in the three-mile. Clarke, the world record holder in the event, finished nine seconds behind the younger Aussie, who was timed in 13:10.9.

Travelers Beat Dallas-Ft. Worth

By THE ASSOCIATED PRESS Western division leader Albuquerque opened a four-game Texas League series in devastating fashion Sunday night as they walloped Shreveport, 15-2.

The Dodgers jumped on Shreveport starter and loser Aubrey Gatewood for eight runs in the third inning. Included in that frame was a two-run homer by Tim Johnson and a run-scoring double by Joe Ferguson. Johnson blasted a two-run triple in the seventh inning.

Three more Dodger runs scored in the eighth on a three-run homer by Gary Moore after two bases on balls. Shreveport also got a homer from Earl Williams in the sixth, his eighth of the season.

In other league action, Arkansas beat Dallas-Fort Worth 5-3, after Ron Willis took over for Ron Seminoff in the seventh with two men on and no outs. He stifled the Spur's threat by fanning pinch hitter Steve Green, and Lew Beasley hit into a double play.

El Paso defeated Memphis in 104 degree heat, 11-10, in a slugfest that saw the teams combine for 32 hits. Pitcher David Sells, who got the victory, singled in the winning run in the bottom of the last inning.

San Antonio beat Amarillo 7-3, going ahead in the fifth when Roger Dettler hit a two-run single with the bases loaded.

Captain of Hawks Has No Regrets

By RAY BELL ATLANTA (AP) — The captain of the Atlanta Hawks' basketball team says he'll "just have to live with the consequences" of his remarks blasting the club management for not recognizing his value as a player.

"I believe in letting people know how I feel," forward Bill Bridges said in a telephone interview Sunday. "I don't know how this situation will turn out, but I've had my say and I'll just have to live with the consequences."

Bridges, one of the top rebounders in the National Basketball Association, was quoted in Saturday's edition of The Atlanta Constitution as saying he was turned down when he asked the Hawks' management for more money.

The story, quoted Bridges as saying he was asking for the pay hike "from the standpoint of Pete Maravich the Hawks' No. 1 draft choice in 1970 getting \$2 million and Walter Belamy getting \$80,000 a year."

"I'm getting \$50,000 a year, and who was fourth in the league last year in rebounding? Who put in the most playing time for the Hawks last year?"

"Who has the most experience? Who has played the role of peacemaker among the players for the last two years?"

"The answer to all those questions is Bill Bridges. I'm not asking for a million dollars, but I do expect some compensation for what I've meant to the Hawks."

In the interview, Bridges said he realized the newspaper story

A representative of Ark-La Gas, Bill Maack of Little Rock, was introduced at the Hope Rotary Club meeting last Friday in the Town and Country by Al Zimmerbauer, local Ark-La office manager. Mr. Maack provided suitable comments with a film, in color, he showed of the laying of 98 miles of pipe from Cecil to Perla in Arkansas. This pipeline will eventually extend to the Texas Panhandle.

President Benny Coleman welcomed a visiting Rotarian, the Rev. Warren K. Martin of Texarkana, and several guests, Truman Finley of Arkadelphia, Richard Keyton, of Hope and Orange, Tex., and Emmett Redman of Kemah, Tex., near Houston.

Barry's Defeats Hope Auto

Friday night at K-Park, Hope Auto was defeated by Barry's. The leading hitter was Mark Harris, who got 4 for 5 and McCorkle pitched the full 6 innings. Hope Auto's Hawkins led their hitting with 3 hits for 4 times at the plate. Artis Perry was limited to 5 innings because of the 1 inning he pitched in the previous Tuesday night game. He was relieved by Doug Allen in the 6th. Mike McCorkle was the winning pitcher and Allen took the loss.

Mitch Downs, a new little leaguer, pitched a no hit, no run game for James Motor Co. in their game with the Lions. Five of James Motor's players batted 1,000 for the night. Richard May, Lyn Ames, David Cobb, Mitch Downs and Jay Huneycutt. The final score was 17-0 with Downs being the winning pitcher, Connelly the loser.

The last game matched Sheriff's against CBC's with the final score after 4 innings being 29-3. The 4th inning lasted 30 minutes as Sheriffs drove in 12 runs. Mike Wilson of the Sheriffs had a big night by hitting 3 home runs and a triple while David Sisson managed 3 doubles and a single. CBC's leading hitter was Jay Moses, getting 2 for 2. The winning pitcher was Walters, Billings was the loser.

Weight-Lifting Record Set

CULVER CITY, Calif. (AP) — In the sport less than two years, Ken Patera of Portland, Ore. set two U.S. records en route to defending his super-heavyweight title in the National AAU Weightlifting Championships.

Patera's clean and jerk of 490 pounds and 1,285 total lift Sunday surpassed the records of 486 and 1,280 set by Bob Bednarski of the New York Barbell Club.

"probably isn't going to change anything one way or the other." He also said he was "quite sure, before it appeared, that management knew of my feelings about it" and declined to discuss it further.

Links Auto Wage to Living Cost

By A. F. MAHAN Associated Press Writer ONAWAY, Mich. (AP) — The new president of the United Auto Workers Union says the 1970 contracts with the industry must be tied to a no-limit rise in the cost of living.

"I can foresee no possibility of the membership accepting or our taking to the membership a contract without restoration of our cost-of-living formula geared to quarterly change," Leonard Woodcock said in an interview Sunday.

A dispute over limiting the cost-of-living formula led to a seven-week strike at Ford Motor Co. three years ago when the last contracts were written. Ford refused to settle without a limit. The union finally accepted an eight-cent annual limit in contracts expiring Sept. 14.

Top management at the Big Three—General Motors, Ford and Chrysler—indicated they have no intention to return to an unlimited Formula this year.

Union negotiators are under a UAW convention mandate to win restoration in bargaining that begins next month.

The union and the industry also agreed in 1948 on an annual "improvement factor," which automatically raises wages three per cent a year to give workers a share in new cost-saving methods.

Under the unlimited cost-of-living formula prevailing up to 1967, wages rose a penny an hour for each upward movement of .4 of a point in the gox.

The average hourly base wage including cost-of-living advances now is \$4.02 and fringe benefits such as pensions, insurance and supplemental unemployment benefits add an estimated \$1.75 hourly to Big Three labor costs.

Counting the 16 cents accumulated over the last two years,

HOPE (ARK) STAR, Printed by Offset

cost-of-living raises have added 97 cents hourly to paychecks since 1948— or \$7.76 a day.

1st Negro Seeks 'Miss America'

By CHUCK NOLAND Associated Press Writer DAVENPORT, Iowa (AP) — Cheryl Adrienne Browne, 19, black and beautiful, is looking forward to being the first Negro to compete for the title of Miss America.

"I won't be scared being the first black in the Miss America contest," the perky 5-foot-4 Miss Iowa 1970 said Sunday. "But it makes the Miss Iowa crown mean even more."

"With all the racial problems there are today," Miss Browne said, "I hope it will show the radicals in the black power movement that things aren't so bad, that you can be accepted for what you are, rather than the color of your skin."

Miss Browne, a junior at Luther College in Decorah, Iowa, who hails from Jamaica, N.Y., didn't expect to win the state pageant, to which she went as Miss Decorah.

After looking at her 19 white competitors and watching them rehearse their talent numbers last week, she and two other contestants made plans to order a pizza to eat while watching the finals.

"Okay, Cheryl, I said to myself, settle back and enjoy the week," she said Sunday. "The experience will be good for you, but don't expect to make the top ten."

She said her color was a delicate subject for some Iowans at first.

"Now let's see" someone asked, "your father is from the West Indies and your mother is half-American Indian. How do you consider yourself?" she recalled Sunday.

"I say I'm either Negro or

Largest U.S. Flag Paraded

By THE ASSOCIATED PRESS Americans have saluted Flag Day with a variety of observances including a Boy Scouts' letter to North Vietnam, a speech by New York's "hard-hats" leader and the unfurling of what was described as the world's largest American flag.

In Waubesa, Wis., where tradition says Flag Day originated June 14, 1885, about 5,000 persons gathered Sunday for a parade.

The record-sized American flag was displayed from the ninth floor of a downtown Detroit department store. Measuring 104 by 235 feet, the flag covered a span of seven stories.

Peter J. Brennan, president of the New York Construction and Trade Council and leader of the hardhats, was a featured speaker.

black," she grinned. The Miss America pageant has been criticized by several groups, including the National Association for the Advancement of Colored People, because no Negro has competed in Atlantic City since the contest began in 1921. Last year, for the first time, a Negro, Dr. Zelma George of Cleveland, Ohio, was one of the 10 judges.

"I couldn't be more delighted," said Albert Marks, executive director of the Miss America pageant, from Atlantic City Sunday. "Finally, the color line has been broken."

Miss Browne, a B student at Luther, hopes to attend Columbia University in her hometown of New York for graduate work in psychology. She eventually wants to specialize in treatment of schizophrenic children.

Her talent routine at the Iowa pageant was an original dance sequence depicting a child's dream. "For me," she said, "portraying a little girl is easy."

er at Flag Day ceremonies conducted at Valley Forge State Park in Pennsylvania.

The letter from the Boy Scouts expressing concern over treatment of American prisoners of war held by North Vietnam was made public as three scout troops from Lincoln, Neb., attended an observance at the Eisenhower Memorial Center in Abilene, Kan.

Among others who participated in the patriotic ceremonies was Vice President Spiro T. Agnew's 22-year-old daughter, Susan, who led the Pledge of Allegiance at a Port McHenry, Md., gathering.

The vice president was asked to attend a rally in a Cincinnati suburb, but instead sent a telegram to local organizers.

Harlem Ravaged by Fires

NEW YORK (AP) — Hundreds of youths rampaged through an 11-block section of predominantly Puerto Rican East Harlem Sunday night, breaking windows and setting rubbish fires. The outbreak followed a street rally to protest the arrest of a Young Lords leader.

Police reported seven policemen slightly injured and at least nine arrests during the two-hour melee. Officials said 12 firemen were struck by various missiles but declined treatment.

Later the violence moved west from Third Avenue to Lexington Avenue, where police cars were pelted with rocks and bottles hurled from buildings. Police again dispersed the youths, many in their middle teens.

The violence followed three nights of disturbances in the Brownsville section of Brooklyn, where residents angered by a lack of garbage pickups set fire to piles of trash in the streets.

Cork comes from the Quercus suber species of oak.

Red Space Men Pass U.S. Record

MOSCOW (AP) — Soviet cosmonauts Andrian Nikolayev and Vitaly Sevastyanov set a space record for flight duration today by staying in earth orbit for more than 13 days, 18 hours and 36 minutes.

That was the record, set in 1965, by U.S. astronauts Frank Borman and James A. Lovell in the Gemini 7 flight.

Nikolayev and Sevastyanov, riding the Soviet Soyuz 9 spaceship, surpassed the record at 9:35 a.m. EDT and continued in orbit. There was no indication how much longer they would stay in space.

The Soyuz 9 flight is chiefly aimed at testing the effects of extended space flight on human beings. The two cosmonauts carry out an extensive program of physical exercise and medical checks.

All official reports on the Soyuz 9 trip so far have emphasized that the cosmonauts are well and retain their capacity for work.

Research on extended space flight, never attempted before by the Soviet Union, is essential for its long-range plans to put large space stations in orbit. These are to be used as space laboratories and as launching platforms for deeper space probes and would involve lengthy manning by cosmonaut crews.

The longest previous Soviet manned space flight lasted 54 minutes short of five days.

Miss Martin 1970 Poultry Princess

A 20-year-old University of Arkansas junior was chosen as Arkansas Poultry Princess over 19 other contestants at Convention Auditorium as the finale of the three-day Arkansas Poultry Festival at Hot Springs.

Shannon Christine Martin, the 5'9" brunette daughter of Mr. and Mrs. Bernard L. Martin of Fayetteville, won a \$500 cash prize, a \$250 wardrobe and a two-week trip to Europe. She will promote the state's poultry industry at functions in Arkansas, in other states and abroad.

A business education major, the new Poultry Princess who succeeded Nancy Selig of Conway, weighs 127 pounds and measures 37-24-37. Shannon represented the University of Arkansas, in the Miss Arkansas Pageant last summer.

First runner up and Miss Congeniality was 17-year-old Sherry Danita Mathis of Arkadelphia, the daughter of Travis Mathis. The 5'7", 23-36 brunette beauty is a sophomore sociology major at Henderson State College where she is a cheerleader.

Miss Mathis won a \$500 cash prize and a trophy.

Rita Carol Atchley, 21, a senior at the U of A was second runner up. She is the daughter of Waldron and was a finalist in the 1967 Junior Miss Pageant.

Her prize was \$250 and a trophy. The remaining five finalists are Amelia Jane Skinner, 18, of North Little Rock; Donna Lynn Johnston, 18, of El Dorado; Elizabeth (Betsy) Lucile Jones, 21, of Little Rock; Suzanne Elizabeth Johnson, 20, of Brinkley; and Dianna Susan Kirk, 21, of Morrilton.

Between swimsuit and evening gown competition for the Poultry Princess contestants the winners of the Poultry Cookin' Queen contest and the top five poultry producers were named.

Mrs. James E. Chandler of Nashville was crowned Poultry Cookin' Queen for her Cranberry Chicken dish. Mrs. Chandler, 28, was a district winner in the Southwest Arkansas Poultry Festival She succeeds Mrs. Glen Austin of Conway.

Twenty homemakers prepared original dishes using poultry products for the competition Saturday morning. The dishes were featured at a Poultry Producers luncheon at the Velda Rose Towers at noon.

The new cooking queen won a \$500 cash prize, a \$250 wardrobe and will accompany the Poultry Princess to Europe.

The first runner up in the cooking competition was Mrs. H. L. Frisby, 26, of El Dorado with her recipe for Pretty Poppy Chicken Dinner. Mrs.

Cambodian Supply Link Reopened

By T. JEFF WILLIAMS
Associated Press Writer

PHNOM PENH (AP) — South Vietnamese infantrymen backed by armored units and air strikes were reported today to have recaptured the Cambodian town of Kompong Speu in a battle for control of the country's most vital overland supply route.

A 4,000-man armored task force, making the deepest penetration yet reported by the South Vietnamese into Cambodia, seized the battered provincial capital 30 miles south of Phnom Penh late Sunday, according to reports in Phnom Penh and Saigon.

A Cambodian military spokesman was unable to say exactly when the capture took place. But military officials in Saigon said: "South Vietnamese troops are in the town. It is possible to say that the enemy has pulled out."

Newsman near the town had reported fighting still in progress.

Brazil to Swap 40 for Envoy

By EDGAR MILLER
Associated Press Writer

RIO DE JANEIRO (AP) — A Brazilian airliner was readied to fly 40 political prisoners to Algeria today, and the release of kidnapped West German Ambassador Ehrenfried von Holleben was expected soon after their arrival in North Africa.

The flight to Algiers awaited the arrival of a number of the prisoners from Jiz de Fora, about 100 miles north of Rio de Janeiro. Officials said the airport there was closed during the hours of darkness, and those who had been confined there were expected soon after dawn.

The terrorists who kidnaped the 61-year-old diplomat Thursday night said he would be released unharmed as soon as newspapers and television stations relayed word of the prisoners' arrival in Algeria.

Authoritative sources in Algiers said the Algerian government was considering an appeal that the 40 be given political asylum. Under a Brazilian law decreed last September after the kidnapping of U.S. Ambassador C. Burke Elbrick, the prisoners will lose their Brazilian citizenship as soon as they leave the country.

Tension at the West German Embassy began to relax as the government moved with dispatch to meet the kidnappers' demands.

The Brazilian government's action was in sharp contrast to that of the Guatemalan government when West German Ambassador Karl von Sprei was kidnaped in Guatemala last March. That government refused to release political prisoners as ransom, and von Sprei was murdered. However, the Brazilian government had previously released political prisoners to ransom Ambassador Elbrick and the Japanese consul in Sao Paulo.

Von Holleben has sent three handwritten notes to his wife assuring her that he is all right. The kidnappers said in one of their notes that the diplomat was being treated "with dignity."

Tate Murder Trial Begins 10 Mos. After

By LINDA DEUTSCH
Associated Press Writer

LOS ANGELES (AP) — The long-delayed murder-conspiracy trial of four hippie-type clan members opens today—more than 10 months after the bizarre slayings of actress Sharon Tate and six others.

Superior Court Judge Charles H. Older, intent on getting the trial under way, hastily disposed of all pretrial motions Friday.

Charles Manson, shaggy haired leader of a nomadic "family," stands trial along with three shapely women followers.

Manson, 35, and codefendants Susan Atkins, 21, Leslie Van Houten, 20, and Patricia Krenwinkel, 22, were ejected from court during three tumultuous pretrial hearings last week when they refused to sit down.

On Friday, Manson—the slight, dark-eyed clan leader once called "God" and "Christ" by his followers—scuffled with bailiffs after he assumed a crucifixion pose with arms extended and head bowed. The young women assumed the same pose. Manson wrestled with bailiffs trying to seat him, and the women shouted at the judge before they were removed from court.

Older indicated he will eject them again if they act up—under a recent Supreme Court decision which says an unruly defendant may be barred from court or bound and gagged during trial. If barred, they would listen to proceedings from adjoining rooms.

Their lawyers have objected that the constitutional right to confront their accusers would be violated if they are ousted.

A lengthy jury selection process is anticipated.

Because they are being tried jointly, California law bars admission of the original pretrial statements in which Miss Atkins told a fellow prisoner about the killings. The account later was published.

Miss Atkins said the first five slayings, at Miss Tate's hilltop house in Bel Air, were motivated

2 Highway Deaths in County, May

The monthly statistical review of accidents was released today by the Arkansas State Police.

Capt. Milton Mosier, commander of the Hope district, said that two deaths occurred during May in the 12 counties comprising the Hope district. He said Clark and Miller County recorded 1 traffic death each.

Mosier said that troopers in the Hope district investigated 112 accidents during the 31-day period. He said Columbia County recorded the highest number of accidents with 17; followed by Clark with 15; Hempstead 14; Little River, Miller and Pike 10 each; Nevada 9; Lafayette and Polk 7 each; Howard 6; Sevier 4; and Montgomery recorded only 3 traffic accidents.

He said troopers attributed speed too fast for conditions, following too close, driving while under the influence of alcohol, and failure to yield right-of-way, as the leading causes of accidents investigated.

Mosier said troopers state-wide investigated 1,018 accidents in which 46 fatalities occurred. Through June 12, 238 persons have died in traffic accidents on Arkansas streets and highways. This is 23 fewer deaths than had occurred during the same period of 1969.

Traffic Mishap Total Here 118

Hope Police Chief Alvin Willis released the following week-end report: 3 traffic violations, 1 license violation, 6 cases of drunkenness, 5 driving while intoxicated, 1 disturbing the peace. This brings up a total of 118 traffic accidents and 15 injuries for the year.

Arab Guerrillas Say 2 Executed for Rape of American Women

By THE ASSOCIATED PRESS

Palestinian guerrilla leaders said Sunday that two Arabs were executed for raping two American women during last week's wild fighting in Amman between commandos and Jordanian army troops.

While the situation in Jordan appeared to be cooling, Israeli warplanes resumed their attacks on Egyptian military positions along the Suez Canal over the weekend, and Israeli commandos staged a raid into Jordan.

Flanked by two bodyguards armed with submachine guns, Yasser Arafat, head of the Al Fatah commandos, told a news conference in the Jordanian capital that one rape case had been brought to his attention. He said the guilty Arab was arrested, tried and executed.

Later another Al Fatah spokesman told newsmen that a second Arab had been executed for raping another American woman. He added that both women had been evacuated from Jordan.

Arafat accused the United States of triggering the fighting in Jordan—in which 700 persons were killed or wounded—and

Storm Blows Up on Postal Reform

By JIM ADAMS
Associated Press Writer

WASHINGTON (AP) — One of the most sweeping plans to overhaul the American mail service since Benjamin Franklin set it up in 1753 still appears headed for victory in the House, but not without some hard-fought floor opposition.

The assumption that the postal reform bill, including an 8 per cent pay raise for mail workers, will pass the House when it comes up for a midweek vote has been so widespread that neither party bothered to take a headcount on the issue.

But during committee hearings last week the bill ran into heavy fire over compulsory union membership, retroactive pay and Congress' impending loss of 181 years of control of the Post Office—including patronage.

Those issues—particularly compulsory union membership—remain alive and opponents are prepared to fight over them during debate.

Not all the potential roadblocks will be in Congress. The National Letter Carriers union, which played a major part in the nation's only mail strike earlier this year, has raised the threat of a walkout this weekend if the House kills the bill. And Postmaster Gen. Winton M. Blount says he may recommend a veto if the bill carries with the costly retroactive pay feature intact.

The timing of the pay boost is a major difference between the House version and a bill approved by the Senate Post Office Committee. As sent to the

Whitfield Masonic Lodge No. 239 will have election of officers Tuesday, June 16 at 7:30 p.m.

Anyone wanting red daylilies are welcome to get them at: Mrs. M. M. McCloughan, 1128 E. 2nd.

Mrs. John Keck, Regent, John Cain Chapter, DAR, and Mrs. Paul W. Kilpsch went to a meeting of the Caddo District, DAR, June 13 at the Arlington Hotel in Hot Springs.

The Dept. of Speech and Dramatic Arts at the University of Arkansas has announced the names of students who are members of the Theatre workshop for the summer term. Carroll McKee of Hope is one of the members.

Dwight Calloway of Hope has

warned that U.S. intervention would turn the Middle East into another Vietnam.

Saying that the guerrillas will "crush all who stand in our way," Arafat in effect also warned the government of Lebanon that a proposed crackdown on commandos could lead to Jordan-style trouble.

Jordanian Interior Minister Najib Ruseidat said in a broadcast that reports from throughout the country indicated conditions were normal again. Joint army-guerrilla patrols toured Amman, urging the people to return to work. Representatives of the government, the army and the guerrillas announced an agreement that the guerrillas would not carry arms in the towns and cities. But during Sunday afternoon sporadic machine-gun fire was heard from the outskirts of Amman.

The Egyptian government said 60 Israeli planes attacked positions along the Suez Canal in a series of raids that started Saturday night and ended Sunday at noon.

The statement said five Egyptian soldiers were wounded and one Israeli plane was hit by anti-aircraft fire.

Documentary Stamp Tax Held Invalid

LITTLE ROCK (AP) — The Arkansas Supreme Court declared unconstitutional today the documentary stamp tax act, the legislature approved last year.

The high court in a 5-2 decision reversed a Pulaski Chancery Court ruling that had upheld the constitutionality of the law, which was Act 239 of 1969.

The act levied a tax of \$150 per \$500 value in real estate transfers and assigned percentages of the revenue to specific agencies, and stipulated that the money could be pledged to and used for payment of revenue bonds.

The suit was instituted by Martin Borchert, former mayor of Little Rock, against Revenue Commissioner Bob K. Scott and the boards for which the tax revenue was earmarked.

In the opinion written by Associate Justice Conley Byrd, the Supreme Court said the act violates Amendment 20 of the state Constitution by creating a tax that can be used for pledge the faith and credit of the state to bonds without the consent of the majority of the voters.

The dissenters, Justices John A. Fogleman and Lyle Brown, agreed that the revenue bond procedures of the act violated the Constitution but disagreed with the majority's view that the entire act must be declared invalid.

The Supreme Court remanded the case to Chancellor John T. Jernigan of Little Rock, presumably to consider the disposition.

See DOCUMENTARY (on page two)

Conscientious Objectors to Draft Upheld

WASHINGTON (AP) — The Supreme Court today exempted men from military service all young men who have strong moral or ethical objections to military duty—so long as their beliefs are deeply held and are not based on expediency.

Interpreting the draft law section that provides for conscientious objectors, Justice Hugo L. Black wrote: "That section" exempts from military service all men who have strong moral or ethical objections to military duty—so long as their beliefs are deeply held and are not based on expediency.

The decision reverses the conviction and three-year prison term of Allott Ashton Welsh II, a Los Angeles computer engineer who refused Army induction.

Justices William O. Douglas, William J. Brennan Jr., and Thurgood Marshall joined Black's opinion. Justice John M. Harlan supported the result, forming a five-man majority.

Black said Welsh qualified for the exemption even though he did not base his plea to be spared from military duty on a direct belief in a supreme being.

In fact, the justice noted, Welsh struck the word "religious" from the C.O. application and characterized his beliefs as having been formed "by reading in the fields of history and sociology."

The important thing, Black said, is that Welsh adhered to his beliefs with a strength comparable to that of traditionally deeply religious people. Even though his objection to war was undeniably based in part on his perception of world politics, Black said, he is entitled to be exempted under the draft law.

Chief Justice Warren E. Burger and Justices Potter Stewart and Byron R. White dissented.

White, speaking for the three, said: "I cannot join today's construction of section 6 (of the draft law) extending draft exemption to those who disclaim religious objections to war and whose views about war represent a purely personal code arising not from religious training and belief as the statute requires but from readings in philosophy, history and sociology. Our obligation in statutory construction cases is to enforce the will of Congress, not our own."

WASHINGTON (AP) — The Supreme Court ruled 8 to 0 today that Maryland may not deny the vote in state and local elections to persons living on federal installations.

The decision, given by Justice Thurgood Marshall, applies evidently to federal enclaves and installations in all states.

Maryland had appealed to the court from a precedent-setting opinion handed down by three federal judges in Baltimore federal court in January 1969 on a suit brought by 12 of the 500 residents of the National Institutes of Health (NIH) in Bethesda.

The three judges ruled Maryland treats people at NIH as state residents to such an extent it is a violation of the 14th amendment to the U.S. Constitution for the state to deny them the vote.

Affirming, the Supreme Court said through Justice Marshall that NIH residents have a stake equal to that of other Maryland residents in their day-to-day affairs and in nearly every ballot issue. He noted that the federal workers are subject to state income, gasoline, sales and use taxes, to state unemployment laws, to state courts, to state criminal laws and send their children to Maryland public schools.

Construction Man Held in Death

SPRINGFIELD, Mo. (AP) — Missouri officials said they have arrested a man in connection with the fatal shooting of a Sulphur Springs, Ark., man Saturday in an apparent argument between construction workers.

Perry Ervin, 27, of Sulphur Springs, Ark., was arrested early Sunday following the shooting of Zebby Wilkins, 38, in downtown Noel, Mo.

Probability of Showers Increases

By THE ASSOCIATED PRESS

A low pressure center in the Plains states triggered scattered thunderstorms in Arkansas and surrounding states Sunday. Some of the storms were of the severe nature.

The U.S. Weather Bureau said several funnel clouds were sighted in Northeast Arkansas. Officials said one twister touched down in a field near Blytheville, but no one was injured and no damage was reported.

Severe thunderstorm watches and warnings were posted during the afternoon and evening for a large portion of Tennessee and part of Northeast Arkansas, the bureau said.

The low pressure to the west of the state, combined with unstable Gulf air could cause another outbreak of scattered thunderstorms in Arkansas tonight or Tuesday, the bureau said.

As the low pressure moves eastward, the shower probability in the state should increase considerably during the next two days, the bureau said.

Highs Sunday ranged from 95 at Texarkana and Little Rock to 89 at Fayetteville and Harrison.

Overnight lows included 68 at Fayetteville, 72 at Harrison, 72 at Jonesboro, 73 at Pine Bluff, 72 at Texarkana, 67 at El Dorado, 70 at Memphis, 74 at Little Rock and 72 at Fort Smith.

Vocational School for Malvern

WASHINGTON (AP) — Rep. John Paul Hammerschmidt, R-Ark., and Sen. John L. McClellan, D-Ark., said today the Economic Development Administration has approved a \$570,000 grant for construction of the Ouchita Valley Vocational Technical School at Malvern. The Ozarks Regional Commission has approved a \$190,000 grant and the state Board of Vocational Technical Education will provide \$190,000 in state and local funds to complete the \$950,000 total cost of the project.

Man Is 'Housing' the Purple Martin, Only Bird with Its Own Newspaper

By JIM CROSSLEY

Song writers have been enamored of the bluebird of happiness. What happiness? The bluebird is a threatened species. In fact, nature fans are mobilizing a rescue attempt.

First there was the purple martin. Valued as an airborne, living pesticide, this bird has been lured by increasing numbers of families and even whole communities erecting the apartment-house types of nest houses the bird likes.

Now it's the eastern bluebird, having trouble because it competes with two feathered scrappers, the starling and house sparrow, for decreasing numbers of natural nesting sites, holes in old trees.

Richard Pough's Audubon Bird Guide says most purple martins now nest in artificial sites. This same situation will have to come about to save the bluebird.

In attracting and protect-

Richard Sloan's great new picture of the bluebird.

ing the purple martin, it's amusing to note, the modern family is continuing a custom tracing back to American Indians before America was settled. Pioneers found the Indians' gourds on poles to keep the martins nearby and copied them.

Most people living today

have never seen a bluebird. The scarcity, the bird's friends say, is because of man's tampering, not excluding the introduction of the starling and house sparrow.

Helping the bird can be rewarding. Floyd Kott in upstate New York spotted a bluebird on an old farm in 1965. His very first efforts to help were successful and in the spring of '69, eight pairs raised some 50 fledglings. His secret was erecting 30 to 40 houses of varied design and letting the birds pick the ones they liked.

There are recommended designs for bluebird houses, of course. One friend of this bird, Larry Zeleny, 4312 Van Buren St., Hyattsville, Md. 20782, offers to answer any questions sent him accompanied by a self-addressed, stamped envelope. Those who want house plans can send 15 cents to the Grand Rapids Audubon Club, 54 Grand Ave. SE, Grand Rapids, Mich. 49502. What are called "bluebird

trails" are the popular new approach. A string of boxes are erected in rural territory, located along roads so they can be watched and protected during the nesting season.

As to the purple martin, there are great events transpiring in its behalf among the far-flung membership of the Griggsville Wild Bird Society, Griggsville, Ill.

This bird, you know, is the only one which has its own newspaper, the "Purple Martin Capitol News," put out by the society, a masterpiece which all those interested in birds should be familiar with.

This winter, the society has been lending a magnificent \$250,000 collection of nature pictures to art museums for exhibit. The works of Mark Catesby, the first American bird artist (1683-1749), Alexander Wilson, (1766-1813) and John James Audubon (1785-1851) are included.

Another great nature painter represented is Richard Sloan who has done a number of bird pictures for the Griggsville Society.

One of the 10 pictures in Sloan's "life history" of the purple martin series is a study he went to South

LETTERS To The Editor

This is your newspaper. Write to it. Address letters to: Editor The Star, P.O. Box 648, Hope, Ark. 71801. All letters must be signed, with address, so you are identified to the newspaper staff, but if the character of the letter permits we will allow use of a pen-name in the publication, in which case you should add "Citizen," or some other word below your real name and address. Pen-names are permitted when a letter deals only with issues. Direct attacks upon public officials, however, must bear the writer's name for publication.

The Negro Community

There will be an old fashioned hay ride, record hop, and weiner roast, Thursday, June 18, 7:30 O'clock at the home of Mr. and Mrs. James W. Turner, 1503 N. Bell St. Sponsored by The Order of Eastern Star Zorah Chapters No. 4.

America to get. It shows the martin in its far-away winter habitat along the Amazon.

(Newspaper Enterprise Assn.)

CAR KILLS DOG

Editor The Star: To the speeding driver whose car killed the dog yesterday: There are those who are sorry the dog was killed. You had to be speeding—to mutilate the little dogas you did. It could have been a child or an old person.

I understand there is no speed limit on a county road. There should be and it should be enforced.

June 12, 1970
Bingen, Ark.

"NO NAME"

GLENWOOD SPRINGS, Colo. (AP) — The big exit sign on Interstate Highway 70 near Glenwood Springs that reads "No Name" isn't kidding. It leads to a small settlement on No Name Creek, one too small to have a post office.

HELEN HELP US!

by Helen Bottel

YOUTH ASKED FOR IT!
This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush off.

Send your teenage questions to **YOUTH ASKED FOR IT**, care of Helen Help Us! this newspaper.

IS HE DISHONEST OR A MATH DROPOUT?
Dear Helen:

I am an older person. My doctor prescribed a certain expensive pill which I buy at the neighborhood drugstore.

The first time I counted, I thought my pills were one short. The second time, I was sure of it, but figured the druggist might have made a mistake. But the third time made me definitely suspicious.

Do I complain about the perpetually missing pill to the drugstore, thereby assuring myself of the right amount; or do I take it up with the State Pharmacy Board so that others won't be cheated?

If each customer was shorted one pill per purchase, think how much a druggist would "earn" during a day! — **HARD TO SWALLOW**
Dear H to S:

It's scarcely believable that any druggist would take this kind of chance, but if yours is actually short-pilling, he should be reported.

Ask other customers in your neighborhood to do a count. Then, when you're sure the "adds" are always against you, contact the authorities.—H.

Dear Helen:

We are afraid our 21-year-old daughter is headed for trouble.

She has gone into an apartment with another girl friend. It is a gathering place for girls and boys, some strangers to her—and us. She also visits a boy's apartment in a group and says it's okay.

We have always been a close knit family, but now we can't show her that all this is not right. She should be home where she belongs.

What is the solution?—**CONCERNED**

Dear Concerned:

The solution? Faith, hope and clarity!

—Faith in your daughter and her standards, which means faith in the parents who instilled them.

—Hope that those standards hold firm.

And greatest of all: Clarity to see 21-year-olds as adults, not "boys and girls."

Let go, "Concerned." If you've raised your daughter well, you shouldn't be.—H.

Dear Helen:

I came across these words of wisdom recently:

The way to always stay young is to live honestly, eat slowly, sleep sufficiently, work industriously, worship faithfully—and lie about your age." — **JOE Morgan**

Dear Joe:

Especially the last! —H.

Dear Helen:

Each summer we work hard to make a good vegetable garden. In the winter we have no friends. In the spring, they see us digging and drive by fast.

But from early peas until late squash, we become very popular. People stop by to "visit" and

expect to leave with food. If we don't offer, they help themselves, saying "We know this will go to waste so we'll take some of it off your hands." Helen, what would you call this kind of friend? — **F.W.**
Dear F:

—Hungry!
A "Vegetables For Sale" sign should separate the friends from the scroungers.—H.

TV NOTEBOOK

HOLLYWOOD — (NEA) — Art Carney strode off the riverboat in the Universal backlot as lunch was called. He reached into the pocket of his baggy gambler's outfit and pulled out a bottle with pink, blue and white pills.

He selected a white one and gobbled it down. "It's for my hiatus hernia," he said, walking to the chuck wagon.

"It's a great thing for an actor to have, isn't it? It's called a lot of other things, too, like an upside-down stomach. Until the doctor diagnosed it, I kept waking up feeling nauseated in the morning. I thought I was pregnant. Now it's well under control."

Art settled down to the business of selecting lunch, then carrying it to a table in a Western saloon. He was on the lot filming an episode of "The Men From Shiloah," which was "The Virginian" until recently.

"Would you sit on my left side?" he asked. "That's my better ear." He stopped and laughed. "Other than that, I'm all right. I haven't talked of anything but ailments, have I? You can call it 'My Day in the Country With Art Carney.'"

Art, an introverted man, was in a relaxed, talkative mood. "It's how I react to people, because I really have people-phobia."

It doesn't affect him as a performer.

He thinks he and Jackie Gleason will probably go into Las Vegas, maybe with a Honeymooners act. He is talking to Richard Rodgers about a role in Rodgers' new musical, "Two By Two." He has plans to gather the wit of Fred Allen into a revue for Broadway.

When "The Odd Couple" was being planned for TV, he was offered the role he created on Broadway opposite Walter Matthau. He turned it down because he didn't want to do another series. Jack Klugman and Tony Randall are in it, and he thinks they will be very good.

"The Odd Couple," he muses, "—that was when everything fell apart for me. I went to the hospital and my marriage ended." (He's married again now and very happily.)

The talk got around to Art's early days in radio when he appeared on a program with his friend Henry Morgan.

"I used to be the Athlete of the Week and Henry would interview me. All the guys were even jerkier than Norton. I remember one, a baseball player, when asked his favorite pitch, said, 'Is it all right to say spit on radio?'"

Henry said it was, and the answer was, "My favorite pitch is a curve ball—with spit on it."

Jim: "Too many cooks spoil the broth. Here is a hand where too many ducks spoil the contract."

Oswald: "It is up to South to let East hold the first heart. No duck at all will be as bad as too many. Then he wins the second heart, runs off his five clubs, cashes his ace of spades and throws West in with a heart."

Jim: "West can take the rest of his hearts but will finally have to give declarer the rest of the tricks."

Oswald: "When the hand was played South ducked the hearts twice. West overtook his partner's queen of hearts and knocked out South's ace with a third heart. Eventually, South had to play diamonds himself and the defense wound up with four hearts and a diamond."

Jim: "If South takes the first heart it will require careful defense to beat him. He will cash his ace of spades and five clubs and West will discard his remaining spade on the last club. East can make any two discards he wants to as long as he hangs on to his heart. Now if South plays a diamond West must win and lay down his king of hearts to drop his partner's queen. If South leads a heart, East must be allowed to win so as to be able to lead a diamond to his partner's king."

Oswald: "We haven't discussed the bidding but feel that North and South did very well to get to three no-trump, which is the only game contract that makes against good defense."

THE WELL CHILD®

Father's Responsibility Starts at Child's Birth

By WAYNE G. BRANDSTADT, M.D.

Father's Day was created to honor the fathers of our most precious asset—our children. For working hard to provide for his family, father undoubtedly deserves a lot of credit but being a good provider is not enough as many a father has learned to his sorrow.

To merit the highest accolades as a father a man must assume the responsibilities of fatherhood from the day his child is born because a child learns more in his first three years than in any other three-year period of his life. In his first three years his physical, mental and emotional rate of growth is at its peak. If, as a father, you wait until your child is of school age before trying to establish a close bond of understanding, the generation gap will already have widened beyond repair.

Yet such a bond is a most important factor in guiding a child to maturity. He will observe your example with a depth of perception that may at times embarrass you. Don't let him down. If he has a good foundation in essential decency you can send him forth into the world with confidence that he will make you proud to be his father.

Finally, don't make the mistake of thinking that only a son needs a good father. A father is the first man a little girl knows. Give her your love and she will know how to give love in return. Treat her as a human being and she will boast that hers is the best father in the world.

Q—Having heard that vitamin C would prevent colds I gave some to my daughter. After taking the tablets for about 10 days she developed an itching rash. I stopped the vitamin C and the rash cleared up. I tried it again with the same result. Is this an allergy?

A—There is no sound evidence that vitamin C in any amount will prevent colds. Your daughter's reaction sounds very much like an allergy. For further proof a patch test could be performed. In this test some of the vitamin is applied to a small area of skin and covered with a sterile bandage. Some time is applied to another area. After 24 and 48 hours the patches are observed. A raised or reddened reaction on the test area but not on the control area would be proof of hypersensitivity. Allergy to vitamin C, however, is very rare.

Political Candidates

The Star is authorized to announce that the following are candidates for public office subject to action of the Democratic Primary:

For Circuit Judge
8th Judicial District
JOHN W. GOODSON

For County Judge
FINIS ODOM
FRANK WALTERS

For County Clerk
MRS. PAT HOUSE

For Circuit Clerk
JIM COLE

For Treasurer
HARRY HAWTHORNE

For Sheriff & Collector
JIMMIE GRIFFIN
HENRY SINYARD
LARRY ARNETTE

For Tax Assessor
CARTER SUTTON

For Coroner
JOHN T. HONEYCUTT

For Prosecuting Attorney
8th Judicial District
W. H. "DUB" ARNOLD

For State Senator
5th Senatorial District
OLEN HENDRIX

For State Representative
Hempstead County
MACK McLARTY

WORLD ALMANAC FACTS

The Dead Sea is the lowest point on the earth's surface, with a depth of 1,296 feet below sea level. The World Almanac notes that its water contains a 25 per cent concentration of solid matter, which is about seven times the amount of other seas. Its water has a specific gravity of 1.119 which allows a person to float with ease.

So You Want To Be

By ERNIE HOOD

The employment outlook in civil engineering — one of the largest and oldest branches of the engineering profession — is for continued growth through the 1970s.

The expanding opportunities will result from the growing needs for housing, industrial buildings and highways created by an increasing population and greater economy. Work related to the problems of urban living such as water and sewage systems, air and water pollution and giant urban redevelopment projects will also require additional civil engineers.

Civil engineers design and supervise the construction of roads, harbors, airfields, tunnels, bridges, water supply and sewage systems, buildings and many other types of structures. The field is so broad that many specialties have been developed, such as structural, highway, hydraulic and sanitary engineering.

A bachelor's degree in engineering is the generally accepted educational requirement. Some persons without a degree are able to become engineers after long experience in a related occupation and some college-level training.

In the typical four-year engineering curriculum, the first two years are spent mainly in studying basic science—mathematics, physics and chemistry—and the humanities, social sciences and English. The last two years are devoted chiefly to advanced study in basic science and to engineering courses with emphasis on the branch of engineering in which the student is specializing.

Some engineering programs offer only general engineering training in the undergraduate curriculum, allowing the student to choose a specialty in graduate school or acquire one through work experience.

Some engineering curriculums require more than four years to complete. Approximately 25 institutions have five-year programs leading to the bachelor's degree. In addition, about 50 engineering schools have arrangements whereby a student spends three years in the college and two years in the engineering school.

Some institutions have five- or six-year co-operative plans under which students spend alternate periods in engineering school and in employment in industry or government. Under most such plans, classroom study is co-ordinated with practical industrial experience.

Many large companies have special training programs for their beginning engineers which are designed to acquaint them with specific industrial practices.

State Cooking Queen Winners

In the Poultry Cooking Queen contest, winners were: left to right: Mrs. James C. Whillock, 34, of Springdale, second runner up; Mrs. James E. Chandler of Nashville, 28, was winner with her Cranberry Chicken recipe; and Mrs. H.L. Frisby, 26, of El Dorado was first runner up.

Cockrill to Seek Lt. Gov. Post in GOP

LITTLE ROCK (AP) — Sterling Cockrill Jr. of Little Rock, who recently switched from the Democratic to the Republican Party, announced Saturday he would seek the GOP nomination for lieutenant governor.

Cockrill said that although Gov. Winthrop Rockefeller has welcomed him to the party, Cockrill will run independent of Rockefeller's bid to be nominated for a third term candidacy.

The former House majority leader said that he would not have Rockefeller's financial support during the primary, but would rather solicit aid by writing letters.

In a news conference in Little Rock, Cockrill predicted that both he and Rockefeller would be the GOP's candidates in November.

Among those Democrats who have announced they will seek the nomination for lieutenant governor, Cockrill said Dr. Bob Riley of Arkadelphia appeared the strongest opponent.

Cockrill said that he helped Riley in an unsuccessful campaign 22 years ago for the state legislature.

In announcing Cockrill said, "The issue is that Sterling Cockrill and the Republican party are the opposition to the 'Old Guard' politicians who want to keep the same things going for themselves."

"I have chosen not to play the game that the Democrats play," the 45-year-old Cockrill said.

He said if he receives the nomination he could provide a link between the legislative and executive branches of state government even though he would be a Republican dealing with a Democratic legislature.

"I don't think I have created any new enemies in the Democratic party," he said.

CAMBODIA (from Page One)

grew Sunday evening and heavy artillery pounding entrenched enemy positions in the town, the scene of several days of hard fighting.

An estimated 1,000 North Vietnamese and Viet Cong captured Kompong Speu Saturday, cutting Route 4, the highway between Phnom Penh and the country's only oil refinery, at Kompong Som, on the coast. The capital's oil and gasoline was down to less than two weeks' supply.

Informants in Saigon said Premier Lon Nol's government, faced with a crisis if Route 4 could not be kept open, asked Saigon for the task force to reinforce its own outmanned, outgunned troops at Kompong Speu.

The South Vietnamese claimed 110 North Vietnamese and Viet Cong killed in Sunday's fighting to regain the city. They said their own casualties were one killed and six wounded.

A spokesman for the U.S. Command in Saigon said the United States had provided no advisers or combat support for the South Vietnamese 9th Division's two regiments at Kompong Speu. The town is 60 miles from the nearest border point, well beyond the 21.7-mile limit President Nixon put on American penetration into Cambodia.

STORM BLOWS (from Page One)

House floor the 8 per cent pay increase will be retroactive to April 16; the Senate measure calls for it to take effect upon passage.

The cost of the pay raise just for the fiscal year starting July 1 has been estimated at \$538 million, and that on top of a previous 6 per cent boost for all government workers including mail employees.

The big fight over compulsory union membership—always a volatile issue in Congress—stems from opponents' claims that it will break down government control over its workers and lead to constant strikes.

But backers note the bill prohibits strikes and say it only gives postal unions the same right as those in private industry to negotiate contracts requiring employees join unions within 30 days.

The 19 states that prohibit compulsory union membership are exempted by the bill.

The reform bill, a compromise of President Nixon's original postal corporation plan, would give the mail system its first basic face lifting since 1789 when Congress took control of postal rates, wages and policy.

The bill would take control of the mails away from Congress and turn it over to an independent U.S. Postal Service with corporate powers, and with orders to put the service on a self-paying basis by 1978.

Under the House bill, the service is to set postal rates necessary to meet operation costs, subject to congressional veto, and would be authorized to borrow up to \$10 billion for modernization and construction.

The service would be run by a postmaster general and an 11-man board. Nine members would be appointed by the President and they would name the postmaster general and his deputy, both of whom would be board members.

TATE MURDER (from Page One)

ed by a grudge against the rich. She said the killings the next night of a wealthy market owner, Leon LaBianca, and his wife, were intended to show the killers hadn't lost their nerve.

Both murder sites were studied with ritualistic effects—ropes, hoods, and "PIG" scrawled in blood.

Miss Atkins is said to have told the same account, which included other specifics, to the grand jury that handed down the indictments. But prosecutors said Friday they won't try to introduce her grand jury testimony as evidence. The tall brunette's lawyer has said she would deny the whole tale in court, saying she lied.

The state apparently will rely instead on eye witness testimony of another defendant—Linda Kasabian, 21, a young mother whose trial has been severed from the others. Her lawyer has said she will testify for the state in return for immunity.

A sixth person accused in the slayings—Charles "Tex" Watson, 24—is fighting extradition from Texas.

Red Rose Rent

Celebration of Pennsylvania's Red Rose Rent Day is held annually at the Star Rose Gardens near West Grove. The traditional ceremony dates back to 1731 and provides for the payment of one rose annually to a descendant of William Penn for the rent of the land on which the rose gardens are located.

DOCUMENTARY (from page one)

sition of the \$1,784,730.25 that had been collected under the law up to today.

The law stated that the revenue would be divided with 20 per cent going to the county aid fund, 40 per cent to the Children's Colony Board and 40 per cent to the state Parks, Recreation and Travel commission.

Act 239 specifically stated that the money to be derived from it would be cash funds but nevertheless repeatedly referred to the real estate stamps as taxes and the Supreme Court ruled that they were indeed taxes.

The law also stipulated that it was not to be construed as pledging the state's full faith and credit to the revenue bonds it authorized certain agencies to issue.

But the Supreme Court said that "to hold that the bonds here authorized are not in violation of Amendment 20 because of the creation of the agency and the bypassing of the state treasury with the tax, would be to put form above substance."

"This we refuse to do because tax is clearly a revenue of the state of Arkansas as distinguished from the revenue of a state agency."

Byrd said in his opinion that if the legislature in 1969 could delegate to a state agency the authority to issue bonds over a period of years backed by the documentary stamp tax revenue "then no reason appears why the 1971 legislature cannot do the same thing with the income tax or the gross receipts tax."

"After a few such instances, the people of this state would be powerless to obtain any release from any tax levied irrespective of the prevailing economic conditions," the opinion said.

The court noted that Amendment 20 was enacted because of a "sad economic condition."

Byrd said the amendment was framed to cure the financial affairs that "had been well-nigh wrecked by issuance of bonds far in excess of the amount justified by the liquid resources of the state."

"High taxes had been imposed to raise revenues to meet these enormous obligations," Byrd recounted. "It was well understood then, as it is now, that a continuation of these practices ... were pyramiding debts and trapping every source of revenue for payment ... and could not continue without practical bankruptcy."

The high court also upheld a Polk County Probate Court decision affirming the validity of a will conveying property to the children of Archie Cude of near Mena.

The will was executed by Rose N. Gordon not long before her death in 1968 at the age of 72.

Cude, who gained national attention a few years earlier by temporarily refusing to permit small pox vaccinations for his children, was a neighbor of Mrs. Gordon.

The woman had no children but was survived by three sisters, a brother and a niece and a foster son whom she never adopted.

The will provided that Wayne Cude and Clark Cude, teen-age children of Archie Cude, would receive Mrs. Gordon's house, hand furnishings, cattle, farm

Supreme Court Proceedings

By THE ASSOCIATED PRESS
